

Photoacupuncture & Integrative Medicine

The Next Chapter

Dr. Grace's new *Workshop 2025*

Ticinolaser Study Club

Locarno, 28. - 29. November 2025

Light, Energy & Healing:

A new Frontier in Integrative Medicine

Explore the cutting edge of wellness and regenerative care through the powerful synergy of Photobiomodulation (PBM) and Photoacupuncture. Discover how light therapy activates mitochondria, boosts brain function, and supports whole-body healing.

Discover the future of integrative healing with Photobiomodulation (PBM) and Photoacupuncture with the foundations of:

- **TCM Foundations:** Explore the ancient wisdom of Traditional Chinese Medicine and its focus on energetic balance.
- **Innovative Photoacupuncture:** Experience the blend of light therapy with acupuncture principles for non-invasive, holistic wellness.
- **PBM Science:** Learn how light stimulates mitochondria, boosts cell energy, and accelerates healing.

Learn how PBM & Photoacupuncture can:

- Ignite cellular energy (ATP) and reduce inflammation
- Support brain health, mood, memory, and neuroregeneration
- Stimulate acupuncture points non-invasively for systemic balance
- Accelerate tissue repair and enhance regenerative therapies

PROFILE

Dr. Grace Sun graduated from the USC School of Dentistry in 1981 and has maintained a comprehensive dental practice and laboratory in the Beverly Hills, California area since 1983. Dr. Sun holds several esteemed accreditations, including Master of the Academy of General Dentistry (MAGD), Master and Educator of the Academy of Laser Dentistry (MALD) and Master of the International Congress of Oral Implantologists (MICOI). Dr. Sun was the first female Accredited Fellow of the American Academy of Cosmetic Dentistry (FAACD), and she received her certification in Dental Acupuncture from the UCLA Center for East West Medicine. She was awarded the Leon Goldman Award for Clinical Excellence in 2020 and named Honorary President of the Asian Pacific Laser Institute (APLI) in 2022.

A published author and renowned advocate for education, Dr. Grace Sun has dedicated herself to serving the dental community. Dr. Sun has served on ALD's Board of Directors since 2001 where she currently sits as Treasurer. She is set to become ALD President in 2025. Dr. Sun is a Senior Instructor at the International Association for Orthodontics (IAO) and a Visiting Professor at the Instituto Mexicano de Tecnología Biomédica S.C.

Dr. Sun utilizes PhotoBioModulation (PBM) therapy in her practice for enhancing patient experience and treatment outcomes since 1997. She was named LA's Best Dentist by Los Angeles Magazine in 2018 and America's Top Dentist from 2005 – 2011 by her peers.
